from this on, the small boy will have to Kane that will give us the service that bump himself to keep from furnishing any railroad could. When the new an occasional item for the newspapers schedule comes out it is expected that this fall. Never "since records have been | two passenger trains a day will leave and kept" has the chestnut crop promised so arrive here over this road,-Kane Repubwell as now, every tree and many small lican. shrubs having shed a wealth of blossoms,

-Last Sunday while bathing in the mix up with a rattler in the water soon

-Bart Sager, of the Oil Well Supply Co., spent Sunday with his brother-inlaw, Perry McCalmont, at Baum Station, on the P. R. R. He went out into the dooryard after dinner and found a rattlesnake sunning itself on the door step. Sager killed the snake and brought it to town Monday morning. Its measurements were not taken, but it has a pretty skin, topped off with a cluster of 13 rattles and a button.-Derrick, July 4.

-Preparations are making for beginning the work of grading the right-ofway for the extension of the Collins railroad from Nebraska to Tionesta. Temporary abodes for the several crews of laborers are being arranged along the route, and it is expected that digging will begin within the next week or ten days. A large force of men will be employed with the intention of completing the road and having cars running before inclement weather sets in this fall.

-The Warren Times of the 5th has the ceived much deserved praise for the good music furnished. It is a new organization not two years old, but under the Kellettville, is rapidly approaching perall young and ambitious to succeed,"

ming hole" by the kids, but he hears perity and enjoyment in their work. A complaints that the boys use language that is quite out of place and unfitted for the ears of decency while cavorting in the water. Officer Eden declares that if such conduct is persisted in it will be his painful duty to place the offenders under arrest and allow the courts to dispose of their cases. A warning, boys, which you had better heed. Have all the fun you mira, N. Y., at a point known as Big like, but be gentlemen.

-Two new counterfeits have been found in circulation by the secret service. One is a \$20 gold certificate. It is a lithograph on bond paper. The silk fiber has and hardwood and 10,000 railroad ties. been imitated by ink lines. The portrait The white pine, Mr. Norton says, is the of George Washington shows defects on finest he knows of in this part of the close inspection. The other, a \$10 United | country. A sawmill will be erected Sept. States note bearing the portraits of Lewis 1 and the timber cut and marketed. Mr. and Clark, has a good color, but is too Norton has cut timber from many secheavily printed. The seal is larger than the genuine. Editors, especially, are warned in making change not to get any of these tens and twenties hung onto

-Rev. S. C. Long, the Lutheran minister on German Hill, and Miss Margaret Blum, of this place, had a very lively experience in a runaway while returning from church to Tionesta, Sunday night, but aside from a badly smashed buggy there was no great damage done. While coming down the Tubbs' run hill and near the Pigeon hill school house the horse began to kick and they jumped out of the buggy. The horse started to run and was found lying under the buggy a short distance down the hill, where help from town was required to extricate him.

Chicago, two former Forest county genat the hands of that body. Rev. A. D. Zahniser of the Pittsburg conference, was for Andrews is problematical. -The fact that the legislature approand these ten days to two weeks earlier printed \$20,000 to pay bounties on noxious animals does not necessarily mean that the counties of the state will resume the river near Hunter station a son of George payment of bounties. The appropriation Monday met a monster rattlesnake that is a deficiency appropriation and can only was crossing the river. For a time it was be used to pay the claims filed about two nip-and tuck to see which would gain the years ago, prior to the notice given by the shore first, and in the race the snake state that the funds were exhausted. This landed a close second. Monday recovered appropriation simply refunds to counties sufficiently to dispatch the snake, which the money they have been deprived of for carried 13 rattles, but he's not anxious to two years. but does not cover claims which were not actually paid by the counties. It is believed that if counties had kept on paying bounty claims they

would have been re-embursed by the -The North East Breeze points out that in view of the alarming number of accidents caused by carelessness in driving automobiles, the common public may well view with alarm the formation of a company which proposes for a money consideration to insure automobile owners against risk of paying damages for injuries caused by their machines. The man who is disposed to be careless and knows that baying paid his insurance assessment, he will not have to pay any more if he injures somebody than if he does not, will be more reckless than Prof. F. W. Gill. ever. As the insurance company cannot serve terms in fail that may be imposed on careless drivers, it may be necessary to control recklessness upon the roads entirely by criminal action and imprison-

-Forest Grange, No. 853, P. of H., of German Hill, about the first of the month following deserved tribute for one of the finished building a new hall to replace bands which furnished music there on the one burned October 4, 1910, on Cropp the 4th: "The Endeavor cornet band at- Hill. The new building is located just tracted much attention yesterday and re- across the road from the Kiser school house at Tubbs run, this making it more convenient of access for a majority of Hill, the members. It is two-story, 24x40 feet direction of Prof. Frank B. Robbins, of in size, and substantially built and finished. The upper floor will be used as fection. There are twenty-eight players, the lodge room, while the lower floor will be used for entertainments. The grange -Constable Eden of the Township is goining in numbers and the members heartily favors the use of "the old swim- are looking forward to years of prospienie and dancing party was held at the hall on the fourth, when a goodly sum was realized for furnishing the hall. The building complete will cost \$1,000.

> -E, E. Norton, the well known local lumberman, with a man from Warren has just purchased a fine piece of timberland located between Corning and El-Flats. The land consists of 120 acres and secording to a careful estimate there are a million feet of white pine, 200,000 feet yellow pine, 100,000 feet each of hemlock tions in northwestern Pennsylvani not long ago cut and marketed a large lot of virgin white oak taken from the Breed property just south of town. This was the most valuable piece of timber within several hundred miles of this city, and it was mostly shipped to Jamestown where it was cut into yeneering, the use of solid oak being rather too expensive for ordinary purposes. The gentlemen will no doubt read a rich harvest from their aquisition and they will be envied by other lumbermen.-Titusville Courier, June 30.

-The excitement occasioned by the 'confession" of Mrs. Stella Hodge to the effect that she accidentally killed Emile Amann of Warren, on the night of creation with old home friends, return-January 27 last, appears to have about all subsided. From the first the woman's -At the general conference of the Free story was seriously doubted, and today Methodist church recently held in it would be hard to find a person who places any credence in her parrative. tlemen received noteworthy recognition Whether the story will be used by the defence in their argument for a new trial completes the 20th in which they can Evangilist, and Rev. J. S. McGeary of present reasons why a new trial should be granted and it is likely that every scrap bearing on the case, that is of any by the attorneys for the convicted man. Should the court refuse a new trial the case will be appealed to the Supreme court and the case will doubtless go over for months. Should a retrial be finally granted the defense will in all probability ask for a change of venue, alleging that the defendant cannot secure an impartial trial in Warren county by reason of the prejudice against him. The confession of the Hodge woman has made little if any change in the sentiment of the minds of 30 barrels in the tank in less than two the people as to the guilt or innocence of Andrews.

-State Highway Commissioner E. M. Bigelow will visit this section of the state this summer and inspect the proposed Bigelow travels in his 90-horsepower automobile, and in this way is able to cover a larger territory than would be work on the reconstruction of the roads which are to form part of the state's system of main highways will be started within the next six or eight weeks, if the present plans of Mr. Bigelow are carried out. The new chief of the road building department will complete the reorganization of his staff within a short time and will hasten a start on operations. "I'm going to build the roads and I'm going to build them right," says the new commissioner. "I will have the necessary survevs advanced as rapidly as possible and within a short time men will be at work on the road building." Hon. C. A. the interest of road construction in this county, and the result of this conference was very gratifying, the probability be-
